

Self-declaration Allergens and Hazardous materials

Hereby we declare that the pharmaceutical glycerine (Glycamed®) we produce at the concentration stages 99.7% and 86.5% does not contain ingredients which may trigger allergic and other adverse reactions. Glycamed® meets the strict requirements of the Directives 1169/2011/EU and 2003/89/EG Attachment III, Rider 3, also the requirements of the Directive 2003/15/EG, as well as the Food-Labeling Order.

Glycerin is listed in the European Catalogue of admitted Food Additives with the number E 422 and Glycamed® is therefore suitable for uses in the pharmaceutical and food industry.

We also declare that our Glycamed® contains no hazardous materials (no carcinogen and no mutagen substances) as specified in Directive 67/548/EG.

The information contained herein is based on the present state of our knowledge and characterizes the product with regard to the appropriate safety precautions.
